

COMMERCIAL

2026

Sealy Commercial is the hospitality division of Australia's #1 mattress brand—trusted by hoteliers, boutique accommodation, living sectors, mining and student accommodation to deliver exceptional sleep experiences that drive guest satisfaction and loyalty.

With decades of sleep science expertise behind us, Sealy Commercial leads the way in premium commercial bedding, combining luxury comfort with long-lasting performance.

We're proud to be the only mattress brand approved to supply every major international hotel group, a testament to the trust placed in our quality, service, and innovation.

Our Service

Whether it's a full hotel refurbishment, a new project or just a few mattress replacements you need, Sealy Commercial can help.

Our service is fully-flexible around you and your needs. We can provide your new beds as delivery only, or let us do the hard work and install them in your property too. Not quite sure what you need? Don't worry, our sales team can help you along the way and advise products based on your requirements.

Site Audits

Our team can carry out site audits and can provide you with a no-obligation recommendation when it comes to the sleep solutions you have in place for your guests.

Delivery

Our delivery service is quick and efficient. We can supply mattresses to your property in as little as two weeks depending on your requirement.

Installation

Whether you need straightforward delivery or full installation, we offer a range of flexible service options to suit your home and your needs.

Removal and disposal

When delivering your new beds, we can also collect your old mattresses and bed bases for added convenience.

Research & Development

Internationally accredited R&D

Sealy conducts ongoing medical research and testing of new components, materials and construction methods in the largest National Association of Testing Authorities (NATA) accredited research and development facility in the southern hemisphere. This provides our foundation for new innovation and unmatched product performance.

ORTHOPAEDIC
ADVISORY BOARD

Backed by leading orthopaedic science. In collaboration with orthopaedic surgeons, Sealy discovered that spinal health is essential to rest. To prevent backache and achieve unbroken sleep, a support system needs to maintain the body's natural alignment. We are proud to have over 50 years of ongoing research and innovation backed by our Orthopaedic Advisory Board.

Sealy® Australia Manufacturing Facilities

Manufacturing Lead Times

Made to order, by hand

Our beds are made on a 'just-in-time' basis meaning that production commences as soon as a purchase order is received to ensure compliance with short lead times.

Approximately 3-5 Working days for low volumes.
4 - 6 Weeks for high volume quantities.

Please note, manufacturing lead times are approximate and may vary depending upon scheduling capacity at such time a purchase order is received.

To us, the Australian Made logo stands for quality.

Local Sources of Key Componentry

Fibre in our Comfort Layers

Layers, generously woven with mixed fibres.

Made in Wacol, QLD

Foam in our Comfort Layers

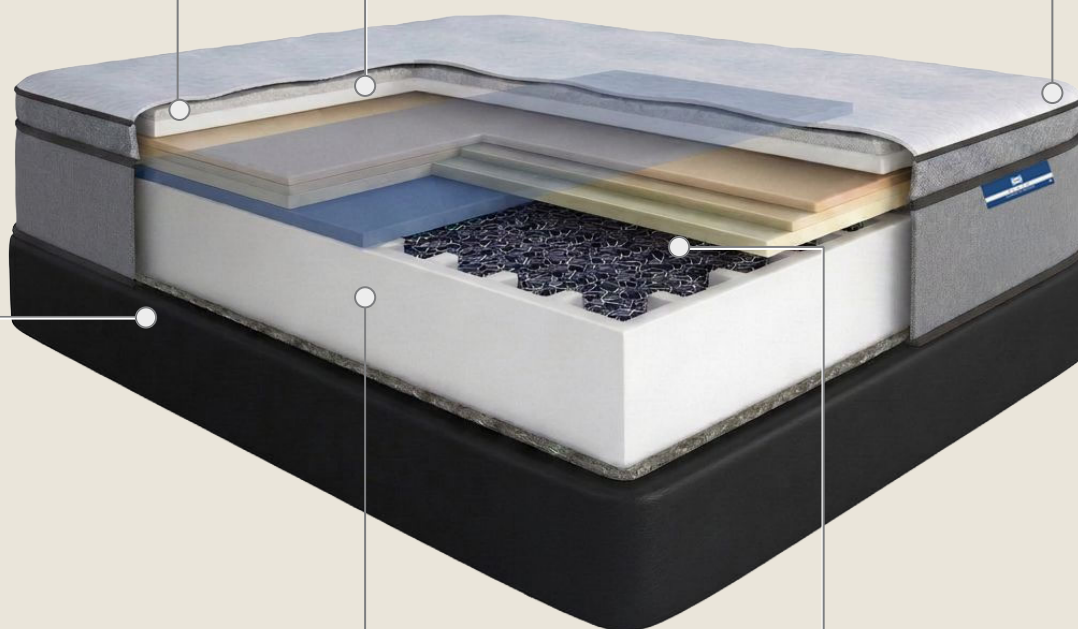

Polyethylene foam produced in a high end foam production unit.

Made in Moorebank, NSW

Fabrics

Opulent fabrics blended with cotton and poly fibres.

Made in Dandenong, VIC

Timber in our Foundations

Pine plantation timber responsibly sourced. Grown in varying plantations across Australia.

Milled in Maryborough, QLD

Foam in our Edge Support

Polyethylene foam produced in a specialised production facility.

Made in Revesby, NSW

Wire in our Support System

All Sealy® coils we develop are made with titanium alloy.

- Sourced in Whyalla, SA
- Formed into Wire in Mayfield, NSW
- Spring unit and base modules created in Wacol, QLD

To us, the Australian Made logo stands for quality.

Why Choose

Why Hoteliers Choose Sealy Commercial

Unmatched Sleep Quality

Engineered for high-occupancy durability without compromising on comfort—so guests wake up refreshed, every time.

Effortless Supply & Support

Our streamlined supply chain, local manufacturing, and best-in-class service team ensure on-time delivery and hassle-free coordination across Australia.

Tailored Hospitality Solutions

We offer flexible product configurations and support packages, tailored to meet brand standards and guest expectations at every level—from boutique stays to global chains.

Sustainable by Design

We incorporate eco-conscious materials and manufacturing practices that align with modern sustainability goals—without sacrificing quality or performance.

A good night's sleep
ranks as the most
important aspect for
returning guests.

Choose from Sealy's extensive range and you will find the right solution that meets your requirements and budget. Sealy® offers commercial sleep systems that will ensure your guests experience the quality sleep that they desire.

Add-ons

Zip Bed Options

x2 Single XL
to King conversion

The Sealy® Zip Bed option enables you to convert a King ensemble to two Single Extra long beds in minutes. This allows you to quickly adapt the room while maintaining your guests' comfort.

EziCare®

Mattress moisture
protection

EziCare® is an invaluable addition to any property. Designed to protect your bedding investment, EziCare® inhibits moisture passing through to the mattress. It promotes a longer mattress life and reduces maintenance and room downtime.

Overlays

Perfect for split
bed options

Sealy® overlays are tailored to commercial split bed options. The standard overlay maintains the same comfortable feel as the mattress, and the deluxe version delivers a plush feel with straps to secure the overlay.

Standard	Deluxe
Firm	Plush

Mattress Care & Warranty

Mattress care and setup

1. Rotate Your Mattress

It is important to regularly rotate your mattress by 180° (do not flip). This will ensure an even amount of wear across the sleep surface and prolong the life of your Sealy®.

- First 3 months: Rotate every 2 weeks
- Continue to rotate once every 3 months

2. Settling Period

It may take several weeks for the layers to adapt and conform to your size and shape. This is entirely normal, as your mattress is made of new materials.

3. Supportive Foundation

Ensure you have an appropriate bed base. Sealy® bases are designed to add stability to your mattress for long-lasting support.

Warranty Terms & Conditions

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality, and the failure does not amount to a major failure.

THE BENEFITS

The benefits conferred by this Guarantee are in addition to all other rights and remedies in respect of the product the Purchaser has under the Competition and Consumer Act 2010 (as amended) and similar State and Territory laws.

REMEMBER

The tag at the end of your mattress contains essential information such as your Product Serial Number. Should you need to contact us, you'll need to quote these details, so it's best to leave the tag attached.

Full warranty terms at sealy.com.au/guarantee-information

Sustainability

Resource Conservation

- Reduce absolute greenhouse gas emissions

Waste Management

- Responsibly manage and reduce operational waste

Product & Packaging

- Increase the content of recycled materials in our products

Product Stewardship

- Move the bedding industry towards a circular economy

Support

Accessing support

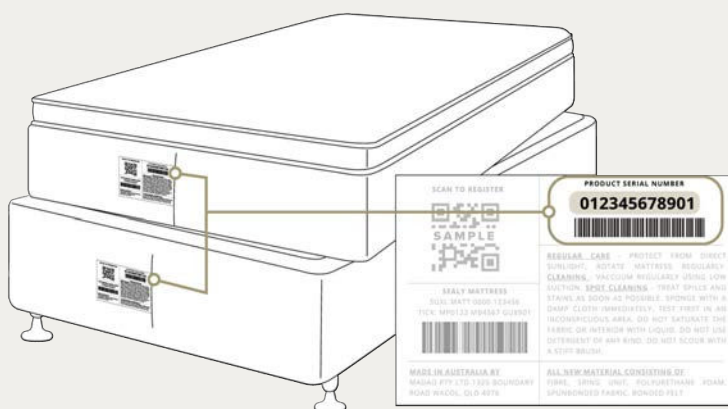

For any enquiries relating to after sales support, contact customer care via email or phone.

Email: customercare@sealy.com.au

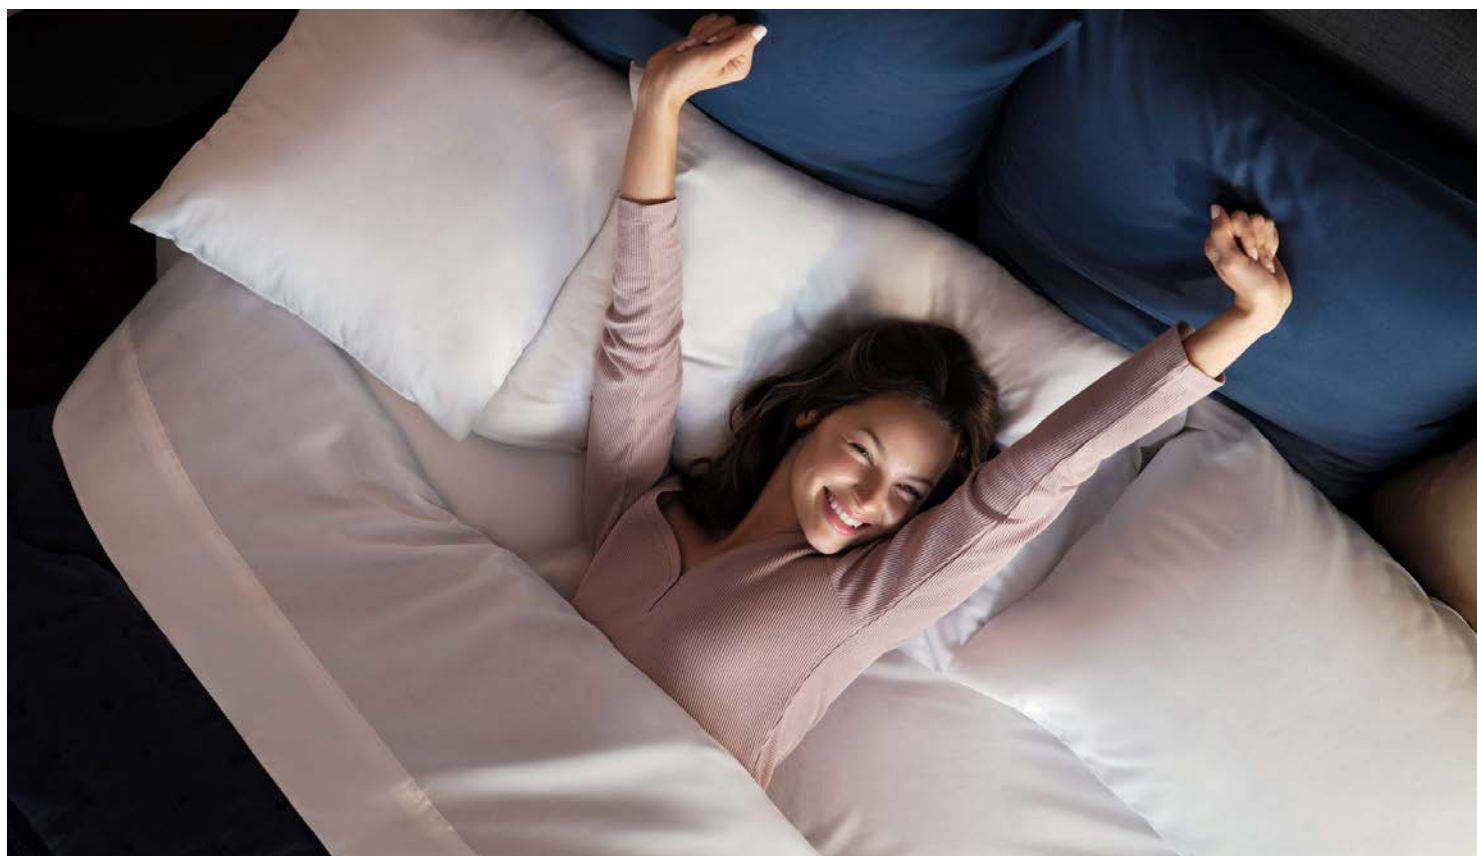

Phone: 1300 130 221

Product Serial Number

When contacting Customer Care, you will require your Product Serial Number, which is on your product, as illustrated below.

Locate the tag attached to the head of your mattress (or base); see the 12-digit number of the larger barcode.
