Need extra storage?

The Solution

If you need an extra storage option, the **Sealy Posturepedic SpaceSaver™** drawer base is the solution.

Features

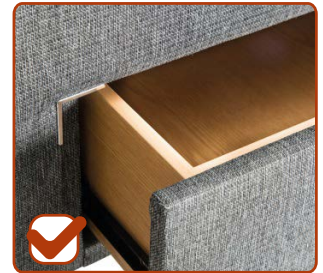

The **Sealy Posturepedic SpaceSaver™** range is underpinned by quality and durability

With Sealy Posturepedic SpaceSaver™ you can be confident in your choice of foundation, knowing there is no compromise in style, quality or function.

The Sealy Posturepedic SpaceSaver™ design combines Australian made PermaGrid™ wire modules to extend the life of your mattress with quality built drawers that each offer an impressive 40kg load capacity. Add to this, German-owned manufacturer Hafele drawer runners and you have a functional product that's built to last.

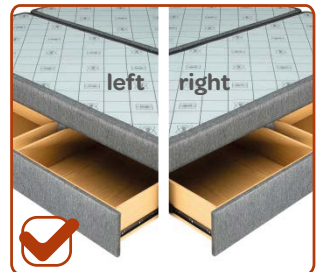

Unique spring foundation with drawers

High quality construction and finish

Crafted and tested in Australia to Sealy's rigorous standards

Available in left and right hand drawer combinations

 The Sealy Posturepedic SpaceSaver™ Base has enough space to store 8 sets of Queen size sheets
