*Made for you*

## POSTUREPEDI TECHNOLOGY

With our heritage in orthopaedic design, Sealy Posturepedic® leads the way in sleep innovation. Combining years of research, we deliver the world's most advanced sleep system.

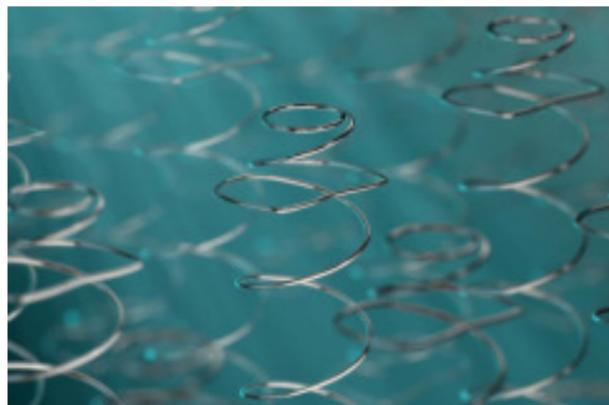

### MADE BY HAND

Opulent damask fabric, with SmarTex® to cool and regulate temperature, is hand-tufted with lavish comfort layers, bringing a bespoke elegance to selected models.

### COMFORT BRIDGE

A sculpted layer embedded with hundreds of micro-coils, transitions your body from the comfort layers above into the support system below, enhancing pressure relief.

### ORTHOPAEDIC DESIGN

Experience our best with the new RestSUPPORT® system. These intuitive coils respond to your unique shape with three stages of precise support, to maintain your body's natural alignment.

Innovation *that*  
changed the *bedding*  
world forever.

*What dreams  
are made of.*

**POSTUREPEDI  
TECHNOLOGY**

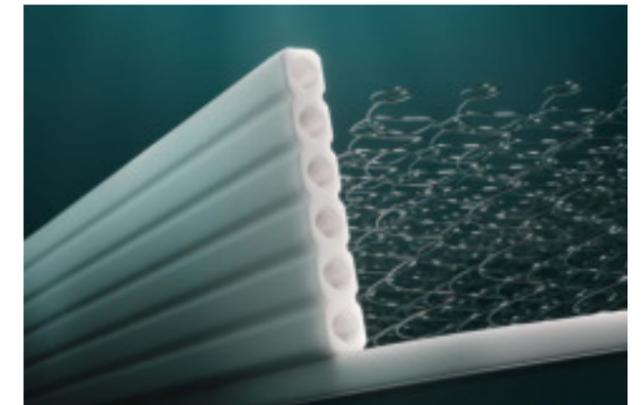

**COMFORT LAYERS**

Exotic natural fibres combined with layer upon layer of deep, pressure relieving materials allow tired muscles to relax and recover.

**REINFORCED EDGE SUPPORT**

Our UniCased®XT edge wraps around the coil system providing a fuller sleep surface, increased stability and support right to the very edge.

**DESIGNER BASE**

Combine your mattress with our MicroTek® Base, featuring unique, high-carbon support modules to absorb and disperse stress for longer-lasting comfort.

# The finest takes time.
