

STUDIO COLLECTION

STUDIO COLLECTION

A contemporary choice utilising Sealy® technologies that are tried and tested.

Contemporary design platform that encompasses all the support and comfort features that are expected of a Sealy® product.

The choice of discerning buyers who want the the added features of a Sealy®, while maintaining confidence in quality, comfort and durability.

Fabric Treatment

- High quality fire retardant.

Reinforced Edge

- EdgeGuard® construction provides a firm seating edge
- Providing a sleep surface right to the edge of the mattress.

PostureTech® Spring Technology

- Sealy engineered PostureTech® Spring technology provides deep down support.
- It features five turns for additional conformance and is twice tempered for superior performance and durability.

StayTrue® Comfort

- Rigorous product testing of our foam and pressure relieving layers ensure longer lasting comfort
- Delivering higher levels of pressure relief and longer lasting comfort.

Shock Abzzorber® Foundation

- High carbon spring steel to withstand the stresses of commercial use.
- Ensures long-lasting performance and an extended comfort life for the mattress.
