Innovation never felt so good.

Comfort and Science have aligned.

Our research shows that inferior support can lead to spinal misalignment, back pain and discomfort. Inside every Sealy Posturepedic® Acclaim is a **unique support system**, a network of coils that sense and respond, working to align your body in its natural posture.

Extensive raw material, component and finished product testing in globally accredited laboratories provides a foundation for unmatched product performance.

Expertly crafted right here in Australia, in local state-of-the-art manufacturing facilities, ensures your new Sealy Posturepedic® bed is built to stand the test of time.
